

Dear ,

Good news from Coastal Aviation:

### 5-Stage Recertification

This month we are happy to announce that we have completed the 5-stage recertification process with the Tanzania Civil Aviation Authority (TCAA). **We are the first General Aviation Company in Tanzania to achieve this.**

The recertification process has become a mandatory exercise that all air operators must complete to demonstrate that are fully compliant to the prevalent Tanzanian aviation regulations and meet the International Civil Aviation Authority (ICAO) standards. Tanzania is undertaking this process prior to an ICAO audit, scheduled for March 2017.

We thank the TCAA for their commitment to the process, without which the whole procedure would have taken much more time.

### Tanzania Leadership Awards

Last week we were voted **Domestic Airline of the Year** at the Tanzania Leadership Awards.

This award is voted by the general public. We thank all those that voted for us and promise to keep improving.

Kind regards  
The Coastal Flying Safari Team
