Punctuality: Coastal Flying Safaris are designed to link camps in very remote tourist destinations and are sometimes subject to constraints and factors that are hardly predictable. Additionally, the routing of the flight can be adjusted depending on the actual number of stops at the time of operation. Therefore departure and arrival times are necessarily rough estimates and may be revised on the day of the flight. Camps and ground operators are constantly kept updated on aircraft movements to ensure smooth connections so that the safari program will not suffer. Our flight dispatch officer can be contacted anytime for updated information on the actual landing and takeoff time. SMS HOTLINE (+255 75

FAST Class Flights: A more direct and comfortable jet like way of travelling. All flights are operated with Pilatus PC12: FAST, pressurized and comfortable, normally used for private charters. All routes are specifically designed with no (or fewer) intermediate stops. Does not operate during April and May.

XL Class Price: Coastal introduced a new Seat Class to accommodate those guests that have a need for extra luggage on their safari. The XL class seats allows a passenger to take 30KG of luggage on their flight instead of the standard 15KG. When booking an XL class seat it will be in a pending state, our operations team will assess whether the extra weight can be taken and confirm the booking. Safety is our first priority. Once the extra weight has been taken into account and the booking is confirmed by Operations, the passenger is guaranteed the extra weight allowance. In the event that we are not able to take the extra weight the XL seat will not be booked, a standard 15kg ticket will be booked and we will do our best to accommodate the guests and suggest alternative solutions to getting the luggage to their destination.

Child Price: The child rates apply for children from the age of 2 to 12. Infants under the age of 2 fly at no charge.

Shared charter and Inducement flights: Coastal is operating a few pioneer routes for which the demand is still not high enough to allow a regular daily operation. These routes therefore require the incentive of a minimum number of passengers per booking to induce us to operate the flight

Intermediate stops: Coastal's flights are designed to serve a complex network throughout Tanzania. Please keep in mind that unless otherwise stated flights are not guaranteed to be direct to the destination as there may be intermediate stops to collect or drop off other passengers.

Stops on request: Means our ability to stop in an airfield of the customer's choice. However for operational reasons only a limited number of stops are possible. We request you to enquire in advance.

Rainy season: Flights marked with a star (*) are suspended during the long rains (mid March - end May) for exact dates please contact us.
