

February 9th, 2018

Dear Partners,

As part of the operational review announced on the 20th of November we have been working in the past weeks to introduce efficiency and make adjustments to our flying safari network to best match our operational capabilities.

Despite having done our best to minimize the discomfort to the trade and to the passengers we knew, as we anticipated, that we could be forced to restrict some of our services.

Therefore we regret to announce the **discontinuation of the following flights from the 1st of November:**

- *Nairobi NBO to Serengeti via Musoma (CQ271)*
- *Serengeti to Nairobi NBO via Musoma (CQ272)*
- *Kilimanjaro JRO to Manyara and Serengeti (CQ261), connecting with Safarilink from Nairobi WIL*

As per our standards and policies you can remain reassured that **every existing booking will be honoured**, and we will accept further bookings on the dates when we are going to operate.

Further adjustments to the schedule will be announced in the course of next week. They will not include further route discontinuations.

A new schedule will be published accordingly.

We apologise for any inconvenience caused and we ask for your understanding.

Kind regards,

The Coastal Flying Safari Team
