

Selous Afternoon Flights Postponed To Connect With Qatar And Emirates

As a consequence of the recent schedule changes introduced by Qatar Airways, and following the increasing demand from many of our partners for a later flight we decided to **postpone our afternoon Selous flights (CQ305 and CQ 306) by 50 minutes**, in order to allow passengers arriving with **Qatar Airways, Emirates Airlines, South African Airways, Ethiopian Airlines** and **LAM** to connect and fly into the beautiful southern game reserve.

The new schedule, **effective from June 1st**, is as follows:

Dar (16:00) - Selous (17:05)
Selous (17:10) Dar (18:15)

Travelers with a tight connection are advised to sort their visas before leaving from their home country, in order to speed the immigration process up.

As a consequence of this change **passengers coming from the Arusha and the northern circuit** will have 1 hour layover in Dar es Salaam, good to stretch their legs and enjoy a cup of coffee.

At the same time the late departure from Selous will not allow the **onward connection to Zanzibar** anymore. Passengers directed to the spice island will have to leave Selous with our 13:15 flight.

Arrangements are being made for existing bookings and a notification will be sent to agents for every affected passenger.

Passengers connecting with evening flights out of Dar es Salaam will enjoy one hour less of waiting at the international terminal.

We apologize for the inconvenience.
