

First Class Flight: Zanzibar - Serengeti - Zanzibar

Coastal would like to explain our concept of first class flights. The aim is to take passengers on a more comfortable, faster aircraft: the Pilatus PC12, with fewer or no stops in between the destinations. This will ensure that guests enjoy first class experience at no additional cost.

The **direct flight** Zanzibar - Serengeti - Zanzibar works as follow:

The flight departs in the morning from Zanzibar directly into the Serengeti not stopping anywhere in between and bypassing Arusha. It serves 3 airstrips in the Serengeti and flies directly back to Zanzibar where guests arrive in time for lunch.

The airstrips served will always include Seronera, however the 2nd and 3rd stop will depend on where the migration is in that time period, thus depending on the position of the migration the 2nd and 3rd airstrip could be: Kogatende, Grumeti, Sasakwa or Ndutu.
